Subject: Revised EMJ Pre-Final Certification Inspection Report - Jorgensen Forge Early Action Area Removal Action

Below please find the download instructions for the Revised Pre-final Certification Letter Report (Revised Letter Report) documenting the results of the Pre-final Certification Inspection conducted at the Jorgensen Forge facility on November 14, 2014. An initial version of the Letter Report was submitted to EPA on November 21, 2014 and EPA provided a response letter (see email below) dated December 12, 2014. The attached Revised Letter Report addresses the comments presented in EPA's response letter.

Subject: EPA's Disapproval Letter on EMJ's Pre-Final Certification Inspection Report

Amy

Per my earlier phone call this morning, attached is EPA's letter disapproving the Pre-Final Certification Inspection Report submitted on November 21, 2014. At this point in time, the letter does not identify a timeframe for revising/resubmitting the Inspection Report. Considering the current discussions on going between EPA and EMJ regarding the removal action, I propose we discuss next steps for the Inspection Report within that forum. Also, as discussed, I will send out the letter to the remaining cc's (Trustees, DRCC, Tribes and The Boeing Company) next week.

Feel free to call me with any questions.

Becky
